## Brooklyn Minister Dies; Was Well Known Here

Rev. Dr. Charles William Roeder, pastor of the Flatlands Dutch Reformed Church of Brooklyn, N. Y., died Saturday, Jan. 10 at the Caledonian Hospital in that city after a brief illness. He had been minister of the historical Flatlands Church for 33 years and had held only two pastorates, the first being with the Dutch Reformed Church of Middletown, N. J. He was a frequent visitor to Northfield in attendance at the summer conference and generally a guest at the Northfield Hotel. He had many friends here who will mourn his loss.

Surviving are his widow, Mrs. Josephine Seymour Roeder; his mother, Mrs. Ida Roeder and two sisters, Mrs. Chester Park Morrell of New York City and Mrs. Lillian Swenson of Maplewood, N. J. Funeral services were held the following Tuesday when five clergymen of the denomination officiated. Burial was in Woodlawn Cemetery.

For many years Dr. Roeder had been chaplain for the Long Island Society of the Daughters of the Revolution; chaplain for the old Brooklynites Society; chaplain for Royal Arcanum and had served also for the 13th Regiment, New York National Guard. He was a former president of the City Mission and president of the Bible Society. In all walks of life, Dr. Roeder was much loved and respected.

## Business Improving Gains Over Last Year

From the office of the Pioneer Valley Association comes a report that the businesses in the area increased in 1947 about 23 per cent over the same period of 1946. A survey was conducted of about 134 persons who conduct hotels, filling stations, restaurants, realtors, and sundry businesses and the replies were most encouraging. Through the advertising of the association many visitors have been attracted to western Massachusetts, the number of vacationists have notably increased and many visitors have decided to locate for residence, business or farming.

The association will keep up its work of publicity again this year and is hoping to realize a larger fund for expenditures. In Franklin County the entire area has profited from the results of its work. For 1948 the association seeks a fund of \$40,000 to publicize the Pioneer Valley, the counties of Franklin, Hampshire and Hampden. A. Gordon Moody of the Northfield Hotel is a vice-president of the association.

## Doing Christian Work With Evangelicals

Miss Ellen M. Giebel, formerly of this town, who graduated from Houghton College and who has been doing graduate work in the field of Christian education at Wheaton College, Wheaton, Ill., is now connected with the New England Fellowship of Evangelicals in its Boston headquarters office and in the field speaking of the movement and showing movie pictures of its endeavors.

The Fellowship is active in doing evangelical work in connection with the churches and conducts a large summer conference on its property in New Hampshire at Rumney. Miss Giebel spoke recently at the North Church in New Salem and left a very favorable impression of her ability and earnestness.

Recently Miss Giebel has done editorial work on Sunday School quarterlies in Philadelphia and for two years has taught in the rural schools of Maine. Her many friends in Northfield are following her career with interest.

## CENTER SCHOOL NEWS

Honor Roll for November and December:

Grade 4, Honors: Brenda Cochran, May Cook, Jean Fisher, Joseph Fortier, Nancy Mann, David Martin, Ann Parker, Robert Scott, Andrew Sheldon.

Grade 5, Honors: Mary Ellen Barnes, Marie Clark, Shirley Clough, Norman Dean, Geraldine Durant, John Mankowsky, Douglas Pearsall, David Scott, Donald Williams, Richard Williams.

Grade 6, High Honors: Ellen Finch, Mary Ann Repeta.

Honors: Dulra Benney, Ruth Laplante, Richard Parsons.

Grade 6: The following have reported on five books and received reading certificates: Marlene Billmon, Mary Ann Repeta, Jamie Gillespie, Richard Zebert, Betty Dambrock, Robert Fisher, Arlyn Bolton.

Norman Porter has returned to school after having chickenpox.

Grade 3: Judith Sevens has returned to school after a long absence with whooping cough.

During World War II, the battle deaths of our country numbered close to 325,000. During this period, two million men, women and children on the home front were killed by diseases of the heart and blood vessels.

## Red Cross Policy In Its Fund Raising

At a meeting of the Board of Governors of the American Red Cross held in Washington last December the policy of the organization regarding the raising of its funds was defined and a statement outlined its position. The regulations prescribe that campaigns for memberships and for securing funds shall be conducted singly and not in co-operation with other agencies. The American Red Cross requires for its effective and efficient operation the fulfillment of the obligations imposed upon it and the earnest endeavors of its many chapters which it has chartered.

From the offices at Washington the national Red Cross officials have mailed to directors of all chapters, including Franklin County Chapter, a complete statement of the situation. In most towns of Franklin County the Red Cross campaigns have always been conducted as a sole appeal, but in Greenfield there is a Community Chest, similar to others in many of the cities throughout the country and the Red Cross quota is usually incorporated. A storm of protest now arises and several chapters have been threatened with disbandment if such a policy is followed.

Officials of the County Chapter are considering the situation and may reach a decision soon in common with many other chapters in the country. There are two directors on the Board from Northfield in the Franklin County Chapter, A. Gordon Moody and William F. Hoehn. Dr. Frank L. Boyden of Deerfield is chairman. In recent years, George W. Carr has been the chairman of the local appeals.

## Town Topics

Karlee Joyce, young daughter of Mr. and Mrs. Hubert Eastman, is visiting her aunt, Mrs. William Hooper of Keene.

The membership drive of the Pioneer Valley Association will start in Northfield early in February as soon as possible after the association meeting in Springfield. Members of the local committee consist of Harold Briesmaster, chairman, Charles Olds, Melvin Morgan and Harry Gings.

The primary department of the Sunday School of the Congregational Church is very much in need of a good piano, either as a loan or a gift. If you have one to offer please call phone 658.

## Road To Brattleboro Which Way To Travel

Information received is that the bridge across the Connecticut river entering Brattleboro from New Hampshire may be closed at indeterminate periods in order to make repairs to the east abutments. It is said the pier on the west end of the bridge is undermined and a steel coffer dam will be placed around it in order to pump out the water and make the necessary repairs. The work is being done by the N. H. State Highway Department, with Engineer A. E. McMurphy in charge. The work will take several weeks and traffic notices will be posted.

From the Hinsdale road traffic can be detoured along the Bear Mountain road to the West Chesterfield road and then across the bridge back to Brattleboro. Perhaps it will be well for motorists from Northfield to travel by the Vernon route until assurance is given the bridge work is completed and the bridge open.

## Elmer W. Powell Dies

Information has come to Northfield from Mrs. Elizabeth Powell of Philadelphia, that her husband, Elmer W. Powell, died late in November of last year. Many friends here will remember the genial Mr. Powell as a frequent conference guest.

He was a collector of all books in England and America bearing on the subject of Dwight L. Moody's life and experiences. His collection of over three hundred volumes of "Moodyana" and much manuscript has been presented to the Crozier Theological Seminary in Chester, Pa. Mr. Powell spent many years of devoted service in time and effort in making his collection and it surely was a wonderful contribution to the Moody traditions.

Mr. Powell has presented a manuscript book which he wrote to the Northfield School for Girls and it is called "Moody of Northfield: A Revaluation in the Light of Research."

## WITH OR WITHOUT?

Only 28 per cent of rural homes had running water in 1945, as compared with 95 per cent of urban homes. For bath tubs or showers the comparative figures were 18 per cent and 88 per cent.

## ANNUAL NORTHFIELD TOWN MEETING WILL BE HELD MONDAY, FEB. 2ND ELECTION, WARRANT BEFORE VOTERS

The annual Northfield Town Meeting will be held at the Town Hall on Monday, Feb. 2 with the session beginning at 10 o'clock in the morning and called to order by the Moderator, George McEwan. The polls will be opened for the voting of candidates for town officers by ballot and in proper order the articles in the Warrant will be considered. Appropriations will be voted for the expenses of the town during the year 1948 and certain policies for the future decided. The Warrant is posted in the usual public places and next week will be printed in the Press if at all possible.

The town reports will be published and distributed as usual, but earlier this year. It will not contain the report of the State Auditors as it did not arrive in time, but will be published later in pamphlet form. The caucus of the Republican Town Committee was held last month and the certificate filed with the Town Clerk. The following are the caucus nominations:

Town Clerk, Mrs. Josephine S. Haskell.  
Treasurer, Charles F. Slate.  
Selectmen, 3 years, Ernest A. Par-

ker; 2 years, George W. Carr; 1 year, George H. Sheldon.  
Moderator, George McEwan.  
Tax Collector, Charles F. Slate.  
School Committee, Mrs. Glenn Billings.  
Library Trustees, 3 years, Miss C. Ina Merriman, Dr. Robert Bonner Jack; to fill vacancy, Luman A. Barber.  
Assessor, Ernest A. Parker.  
Cemetery Commissioner, Glenn Billings.  
Tree Warden, John F. Field.  
Constables, Joseph Morgan, Martin E. Vorce, Harry M. Haskell and Murray Hammond.  
Planning Board, Frank W. Williams.

Since the caucus, four more have filed independent nomination papers and they are Mrs. Wayne B. Wells for school committee; Paul Chamberlain for constable and William M. Marshall and Homer Browning, Jr. for selectman, one year term. The day, according to the calendar, is "ground hog day," nevertheless it is hoped that the weather will be pleasant and the sun shining.

At the recent sitting of the Registrars, on Jan. 3 and Jan. 13, a total of 81 names were added to the voting list.

## To Build New Home On Highland Ave.

The lot of land on Highland avenue adjoining the residence of Rev. Dr. and Mrs. Robert Bonner Jack has been purchased by Miss Margaret Shields and her sister, of Princeton, N. J. In the spring, just as soon as the weather permits, a new home will be erected to be ready for occupancy in July.

It is expected that Leavis and Bolton will be the builders. The new owners have looked over several opportunities in other towns in this section of the state but made their decision in favor of this community with its hotel facilities and educational advantages.

Children love to dawdle. Older and wiser persons run fast and have nervous breakdowns.

## ANNOUNCEMENTS

### FOSTER-CLARK

Mr. and Mrs. George H. Foster, former residents of this town, now living on Raymond avenue, Holyoke, announce the engagement of their daughter Emily, to Herbert Neil Clark, son of Mr. and Mrs. A. H. Clark of Newport News, Va.

Miss Foster, a graduate of the Northfield School for Girls, recently completed her second year at George Williams College in Chicago, Ill., and has entered the winter quarter at Springfield College.

Mr. Clark, who served with the Army for over three years, is a student at George Williams College. The wedding will take place in June.

**FIRST** in Total Truck Production and Sales for the total 17-year period, January, 1931 to January, 1948—according to published nation-wide figures.

**FIRST** in Total Number of Cars and Trucks on the road today—according to official nation-wide registrations.

Will be on display at most Chevrolet dealers throughout the country during the next few days.

## JORDAN MOTOR SALES

Tel. 900

EAST NORTHFIELD, MASS.

Tel. 900

WE YOUR LOCAL CHEVROLET  
DEALER—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products:

Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history.

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks, and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting delivery of new Chevrolets.

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service, now and at regular intervals.

### Unitarian Youth Meet

A small but enthusiastic group of members of the A.U.Y. (American Unitarian Youth) met in the Alliance Room of the Unitarian Church, last Sunday evening, to hear an informal talk by Kurt Loewus of Mt. Hermon. The speaker's announced subject, "Austria—So What," gave the key to the challenging words that followed. He said that this was no time to think of Austria in terms of "pretty travelogues." Conditions of desolation and starvation beyond our power to conceive still exist there. Mr. Loewus was able to give an uncannily graphic picture of these conditions, for his father and mother are still living in Austria, and he himself escaped from there when Hitler came in.

Having made us aware of the gravity of the situation, he presented the challenge: "Here is Austria, today." What are you going to do about it? After letting the members squirm uncomfortably over their apparent helplessness in the matter, Mr. Loewus pointed out that while their individual allowances and services could accomplish little to alleviate the suffering, there was much that they might do as a group. Of the many things he suggested, a clothing drive for teenagers like themselves seemed to rouse the greatest interest. Action on this and other matters will be taken at a mid-week meeting to be held soon.

Mr. Loewus was such a stimulating talker that the members kept up their questioning throughout the serving of refreshments and for some time after, omitting the games with which they had planned to close the meeting.

The next A. U. Y. meeting to be held at the church will be on Feb. 1. In the meantime there will be one or more meetings and an informal party, at times and places to be announced soon.

Any young people of high school age who would like to meet with us regularly, to share our devotions, social service and fun, are asked to get in touch, immediately, with Russell Bigelow or Beverly McCullum, so that they may be invited to our party next week.

### OBITUARIES

#### MARY DABNEY BAKER

Mary Dabney Baker, wife of the late Stephen Baker of New York City, died at her home Friday, Jan. 16. She was the mother of Mrs. Henry L. Finch, Mrs. Leonard L. Marshall and J. Stewart Baker.

Funeral services were at St. James Church in New York on Monday, the 19th. Mrs. Baker and her late husband were well known here, much loved and honored because of their interest in the Northfield schools.

#### LEVERETT CANDEE

Leverett Candee of Jamaica Plain, Mass., died Friday, Jan. 16 after a long period of illness. Funeral services were Monday the 19th in the chapel of Trinity Church in Boston and burial was at New Haven, Conn. Mr. Candee was much interested in the Northfield schools and spent considerable time here on visits.

#### Tuberculosis Death Rate

As the 20th century began, the death rate from tuberculosis in this country was roughly 200 per 100,000 population. Now, it is only one-fifth that figure. Since 1900, tuberculosis has been pushed from first to seventh place among the cause of death in the U. S. These facts testify to medical and social advances. Along with generally improved living and working conditions have gone more and better health education, and a strengthened system of diagnosing, isolating, treating and rehabilitating the tuberculous. In diagnosis, the chest X-ray has assumed increasing importance.

#### These Naval Stores

Pitch and tar, the original crude products from pine sap or gum, were called "naval stores" because they were used for caulking ships. The chief products of southern pines are now turpentine and rosin, obtained by distilling the gum, but the old name has stuck. By distillation, the turpentine is released as vapor, which is carried off, leaving the non-volatile rosin in liquid form. On cooling, turpentine becomes liquid and rosin becomes solid. Turpentine is used as a thinner for paints and varnishes and in shoe polish, synthetic chemicals and resins, and pharmaceuticals. Rosin goes into paper sizing, varnish, plastics, soap, printing ink, linoleum, sealing wax and rubber goods. Production of naval stores is a 40-million-dollar-a-year industry.

#### Diabetes Now Prevalent

It is known that diabetes is increasing rapidly in the United States, but estimates as to its prevalence vary a great deal, since most of them are based on known cases of the disease. Recently the U. S. Public Health Service decided to test a typical American community, Oxford, Mass., for evidences of diabetes among its 4,000 inhabitants. More than 70 per cent of the population was tested and 2 per cent of those tested had the disease. Furthermore, three hitherto unknown and unsuspected cases of diabetes were found for every four which already had been diagnosed. Less than one half of these "new" cases were in an early or even a mild stage of the disease.

### Organic Matter Rids Cropland of Bacteria

#### Viruses Prevent Plant Diseases From Spreading

By E. C. Thomas  
Ohio State College.

Few disease-causing bacteria will survive in soil whose organic matter supply has been built up by the use of green manure crops and the return of crop residues and manure. Those that do live are so changed that they are no longer a menace to crops.

Extracts from soil rich in organic matter contain viruses that depend for their existence upon living bacteria. These viruses are especially numerous in organic matter added

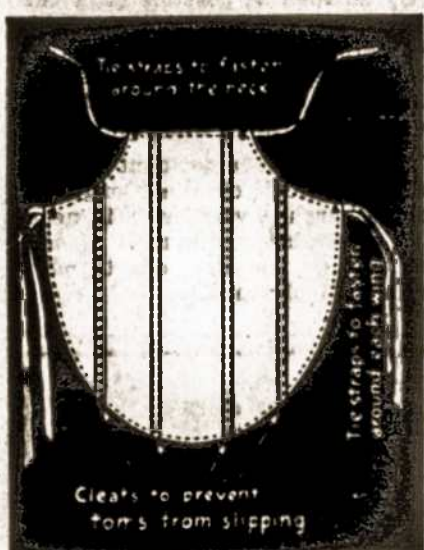

Fighting bacteria with application of organic matter.

to the soil through residues from grasses, legumes and grain crops.

When these viruses come in contact with plant disease-forming bacteria they have a profound influence on them, changing the form of these bacteria and making them harmless so far as plants are concerned.

The intensity of competition for food materials and life itself, among organisms inhabiting soil particles, are indicated by the fact that a single ounce of soil has an estimated living population of 50 million bacterial cells, besides many forms of fungi. Added to these are five million protozoa as well as other forms of organisms. Beneficial bacteria thrive best in soil well-stocked with organic matter and tend to crowd out the disease-causing kinds.

Blankets for turkey hens may prevent serious losses from tears and bruises during the mating season. This one was designed by Cornell University.

### Metal Nipple Bucket

The metal nipple bucket was proven satisfactory for feeding young calves by Montana agricultural experiment station. The bucket is six inches in diameter, seven inches high, and is graduated in pints by indentations in the metal one inch apart which serve as a guide to the feeder in determining the amount of milk to feed. The nipple is 2 1/2 inches long, made of 1/2 inch copper tubing, soldered securely into the bucket as shown. It is rounded at the end with solder.

### Precautions Advised To Prevent Hog Flu

To keep flu from getting started, Iowa State college recommends that hogs be brought in at night from hogged-down cornfields to keep them from getting chilled. Overcrowding should be avoided. Quarters should be planned so that sufficient space and adequate equipment will be available during bad weather, but the buildings should not be shut tight, making hogs too warm.

### Teachers' Club News

The Northfield Teachers' Club, which includes teachers and administrators of both schools, held its monthly meeting on Wednesday, Jan. 14, in Alexander Hall. Among the guests were Mrs. Robert Taylor, Mrs. Harold McLean, Russell McLean, and Gail Leonard.

It was decided that because the programs furnished by the School Assembly Service this year had proved so entertaining, instructive, and popular that the club would sponsor a similar series next year. It was also voted to follow the advice of the Massachusetts Teachers' Association in appointing a publicity chairman to act as liaison officer between the schools and the press. Miss Evelyn Lawley was later appointed to fill the position.

The following officers were re-elected for next year: President, Robert N. Taylor; vice-president, Mrs. Virginia Haack; and secretary-treasurer, Miss Elisabeth G. Briley.

After a short social program refreshments were served by Mrs. Evelyn Parker and Mrs. Virginia Haack as hostesses.

### Europe Today

The Northfield Brotherhood met at the Trinitarian Congregational Church on Tuesday night.

All the seats were occupied at the supper table and following the meal group songs were enjoyed with Edward Frary at the piano.

The speaker for the evening, Ernest Kirmann, of the Northfield School for Girls, gave his impressions of post-war Europe based upon his trip of last summer.

Mr. Kirmann gave his audience a vivid picture of the Alsace section of France. He sketched its history through the years back to Charlemagne and the part it has been forced to play in the last two World Wars. He also touched upon the position of Alsace in the event of another world conflagration.

Mr. Kirmann noted that the three contributing factors in retarding the full recovery of France were the Communists, last summer's drought and the tremendous black market—but not necessarily in that order.

A question period followed Mr. Kirmann's illuminating talk.

A color film, "A New Winter Vacation Land," loaned for the occasion by the Pioneer Valley Association, was then shown. This film contained many colorful and breath-taking shots of winter sports activities available to all in the Pioneer Valley. A good deal of snow was also shown in the film—of which we need little reminder, except a look out of the window.

The meeting was then adjourned by President of the Brotherhood, Harold Briesmaster.

### The Community Club Of Upper Farms Elects

At the annual meeting of the Community Club of the Upper Farms school district No. 3, held last Friday evening, William G. Slate was chosen president for the ensuing year. Donald Truesdell is vice-president; Mrs. Oler Doolittle, secretary; Miss Edna Bistrek, treasurer and Charles F. Slate, auditor. Trustees are Ernest A. Parker, Philip Mann and Homer Browning. Philip Mann, Jr., acted as moderator at the gathering. The club is petitioning the town to paint and repair the building

which the town has given for its use. The group conducts many social gatherings in the building throughout the year and on Sundays a Sunday School session is held, directed by Mrs. Homer Browning.

The club invites all residents of the Upper Farms and former residents to join its membership.

### There's Teamwork in the Kilowatt Family...

ONE of the BIG reasons why electric companies have been able to meet the tremendous post-war demands for electricity while new generating plants are being built is their INTER-CONNECTED LINES.

These inter-connections form a vast "grid" of power lines that permit the flow of power from one area to another. Without such an opportunity to exchange power with their

neighbors, many an electric company would have faced serious shortages of power during the war and especially during the past year when demands for electricity have surpassed all previous records.

This "grid" of inter-connected power lines in the northeastern states is an example of teamwork in the Reddy Kilowatt family that works to the advantage of every user of electricity.

Listen in the HOUR OF CHARM, Sundays, at the new time, 3:30 P.M., EST, CBS.

WESTERN MASSACHUSETTS ELECTRIC COMPANY

WHAT ABOUT  
CHILD BITTERS?

Last night when you and the missus walked out of your house on the way to the movies or to an evening of bridge and left your two children and practically all of your earthly possessions in full charge of little Ruthie Brown, the 12-year-old girl who lives around the corner, had she been carefully

briefed? Or could events have proved that Ruthie was okay for the job only if nothing of an emergency nature occurred?

Frequent news items record emergencies which arise with child sitters such as fire starting from overheated furnace, child falling from crib and breaking arm, long distance phone call announcing death of a relative—the list is endless.

When you make certain that Ruthie has the following information, you go a long way according to the Safety Engineers of American Mutual Liability Insurance Company toward protecting your precious ones.

1. The phone number where you can be reached or
2. The name of a near neighbor, you know will be home.
3. How to call the Fire or Police

Department.

4. What doctor to call should that be necessary, and his phone number.

5. That the door should not be opened to an unknown caller.

6. If you have a chain lock on your front door do you tell Ruthie to fasten it as you leave?

7. Do you give her instruction respecting food, drink, diapers, etc.

8. Is pencil and paper available to record incoming phone calls?

If all this is too much trouble, you place light value on the lives of your children.

So that Ruthie and her substitutes may all have the same complete instruction and so that they may be able to refresh their memories when you have left, all this necessary information should be written down and left in a place for reference.

## TOWN TOPICS

Mrs. Charles Tenney was given a birthday party by her children at their home in Northfield Farms. Those present were Mr. and Mrs. Harold Parsons, Mr. and Mrs. William Young and son, Mr. and Mrs. Howard Williams and family, Mr. and Mrs. Norman Fowler and son, and Miss Elsie Tenney.

There will be an all day missionary sewing meeting of the Women's Guild of the Congregational Church on Tuesday, Jan. 27. All members are urged to attend this session.

It is reported that Harry A. Erickson of Mount Hermon, who is ending his ninth year as a member of the School Committee of the town of Gill, will not be a candidate for re-election. Mr. Erickson has also served as president of the Union School district of which Northfield is a part.

Sidney Given, Jr., has returned to his home from the Franklin County Hospital, and is gradually improving from his recent illness. The Northfield Hotel has a large

booking of guests who are arriving for a stay to enjoy the winter sports in this vicinity. The toboggan chute in front of the hotel entrance is used daily and the skating rink attracts many. Skating, however, is being followed by the larger number.

George H. Sheldon has taken on the agency for a well-known refrigerator in addition to his line of freezer units. He will make an announcement soon in the Press.

Mrs. Harry P. Sage of South Vernon has closed her home and gone to stay in Bellows Falls, Vt.

The local Grange was invited to neighbor with Shelburne Grange on Wednesday. A bus was chartered and a large number of Northfield Grange members attended. A good time was had by all.

Harold Lord is being kept busy with his radio repair work but of course he is never too busy to attend to your troubles in the line of radio repairing.

The old and historic Conway Inn, once a stop over for stage coaches on the route between Boston and Albany, and visited frequently by Northfield motorists, was burned to the ground last Sunday when fire departments from four towns were called to fight the blaze and protect surrounding property. The loss amounted to over \$50,000.

Once again the first summer home to be rented for the season of 1948 is that of Miss Ethel Allen of Greenfield, situated on Linden avenue in Mountain Park. The occupants will be Mr. and Mrs. Stuart H. Manning and daughter of New London, Conn., who occupied the cottage of Miss Peck last season.

Harry A. Gingsas of the Northfield Pharmacy was called to Ashland, N. H., last week by the illness of his mother, who is now improving.

The next meeting of the Connecticut Valley Pomona Grange will be held in Greenfield Monday evening, Jan. 26 at the Grange Hall.

There will be an installation of officers including Lewis Shine as Master; Mrs. Gertrude Gibson, lecturer; Mrs. Dorothy Whitely, as Flora; and Mrs. Emma Plets as chairman of Community Service, all from Northfield.

Mr. and Mrs. Samuel H. Smith of Main street quietly observed their 46th wedding anniversary at their home recently. Friends extend best wishes.

The report of the town clerk submitted for publication in the annual town report shows that there were 52 births, 47 marriages and 4 deaths in this town for the year 1947.

Mr. and Mrs. Marion W. Smith, with son Jonathan, have left for a month's stay in Florida.

## Ski News

Virginia Rogers, a frequent visitor in town, competed at Waterville Valley, N. H., in the Eastern Championship ski meet, Jan. 17 and 18th. She was third in the downhill, and second in the slalom, in a field of 32 of the best women skiers now in the East.

She spent some time last winter in the West, and entered in the Nationals, Harriman Cup race, Olympic trials, and several other races in Utah, Idaho, California and Oregon. She is graduating from Cornell University Agricultural College in February.

Virginia is the granddaughter of the Frays of this town.

# FORD Bonus Built TRUCKS

**Built Stronger to Last Longer!**

**More Than 139 Models!**

**NEW All Through!**

**Bonus\* Built — THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE . . . and ONLY Ford Trucks Have It!**

EVERY single one of the great new Ford Trucks for '48 is Bonus Built . . . designed and built with extra strength in every vital part! But that's only part of this vital truck engineering principle . . .

This extra strength provides WORK RESERVES that pay off for truck operators in two important ways:

- FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!
- SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job . . . to do their jobs easier, with less strain and less wear. Thus, Ford Trucks last longer because they work easier!

Yes, Ford Trucks for '48 are Bonus Built . . . built stronger to last longer! That's why they give their owners wider use and longer life! That's why life insurance experts can certify proof that Ford Trucks last up to 19.6% longer. That's why the record shows there are more Ford Trucks in use today than any other make. Let us show you the revolutionary new Ford Bonus Built Trucks today!

©BONUS: "Something given in addition to what is usual or strictly due." . . . Webster's Dictionary

Listen to the Ford All-Over Show Sunday Evenings at 8:30, on N.B.C. Stations and the Ford Theater Sunday Afternoons at 5.

**ONLY FORD TRUCKS ARE BONUS BUILT FOR WIDER USE, LONGER LIFE!**

**NEW! 3 New Engines . . . up to 145 b.h.p.!** Brand new Six . . . 2 brand new V-8's! Packed with advancements that give you real performance! Proved Ford reliability and thrift!

**NEW! 2 New Big Jobs . . . Biggest Ford Trucks in history!** Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! 5-speed transmission! They're rugged; they're something!

**NEW! Million Dollar Cab . . . Living Room Comfort!** New coach-type seats. More headroom, legroom, elbowroom! Picture-window visibility. New exclusive Level Action cab suspension.

**NEW! New frames, axles, brakes, steering!** Built stronger to give your Ford Trucks even longer life! These new Ford Trucks for '48 are really new all through!

Subscription: \$1.00 a year

"Entered as second-class matter August 9, 1935, at the Post Office at Northfield, Massachusetts under the Act of March 3, 1879."

Time to think!  
Important decisions are to be made this year.

They will affect all of us no matter where we live.

The "European Recovery Program," the "Marshall Plan" in other words, and the "Universal Military Training" plan, will be widely discussed and critically examined. That is as it should be, for nothing but critical, dispassionate discussions will bring about rational conclusions on these all-important policies that will play such an important part in our future direction and relationship with the world.

Your voice may be small, but it is important.

Time to think—but think much and carefully!

The snow hides a great deal from our eyes, but the spring thaws will reveal what winter has left behind.

Rubbish has been dumped from the bridges, and the banks of the River will be littered for summer.

This should not be left for the eyes of the tourist and visitor.

There are places for debris and rubbish.

## POET'S CORNER

(Contributions by local poets are welcome)

**THE SOUTHERN CROSS**  
Four stars the cross combine,  
Hallowing tropic skies,  
All through the night it glows,  
To gladden mortal eyes.

The stars like golden nails  
Transfix the cross tonight  
When darkness wanes and pales  
It vanishes from sight.

The day of toil begins,  
And busy men forget,  
The sacrifice for sins,  
Mankind's immortal debt.

Each night recalls again,  
The agony and scars,  
Above in His domain,  
There gleams His cross of stars.

—William Tyler Olcott

**ON ELECTION DAY**  
When I have cast my ballot let me say:  
I mark an X for principles today.  
I did not vote for party or for man,  
But for what seemed to be the wisest plan

To meet the present need. With open mind  
I weighed each deed and promise,  
That the blind  
Lead not the blind.

But high o'er all  
I prayed that God would hear a people's call.  
A call not made for self, but for the whole;  
Enabling Right to govern and control.

I prayed that Love would stifle lies and greed,  
Thus knitting hearts together in one creed;  
One politic; one party; and one plan:  
The good of all; the all of good, for man.

Ruth D. Smith  
—Christian Science Monitor

Masses: First Sunday of month, 8:30 a. m. All other Sundays, 10:30 a. m.

## PIMPLES

**DON'T SQUEEZE THEM!** Instead brush on KLEEREX and see how amazingly fast it hides only pimples as it dries them—often on first trial. Not a greasy salve that pimples thrive on, but a soothing medicated liquid that relieves itching—drives redness out. Ask for KLEEREX at all druggists. Double your money back if it fails. 49c

Some day she'll want  
a real telephone

It takes years of planning, building and installing to meet growing telephone needs.

In the past two and a half years alone, we've spent well over one hundred million dollars on new buildings and equipment to keep up with increased demands for service. And now—thinking of the future—we're continuing this expansion at the highest rate ever.

Only in this way can we provide the telephone service that New England wants and needs.

## Your Week

JANUARY 24-FEBRUARY 1

## The March of Dimes Collection Begins Here

On Jan. 15 the pupils in the public schools were given directions for their part in the community drive for the benefit of infantile paralysis victims. Coin collectors have been placed in the post offices and stores, pupils were given individual coin cards in which one to five dimes may be placed, and high school pupils are canvassing the town for dollar memberships.

There have been cases of polio in Northfield for the past two summers. The County Association has generously granted its facilities and financial aid when called on and plans to continue the same service for anyone living in Franklin County.

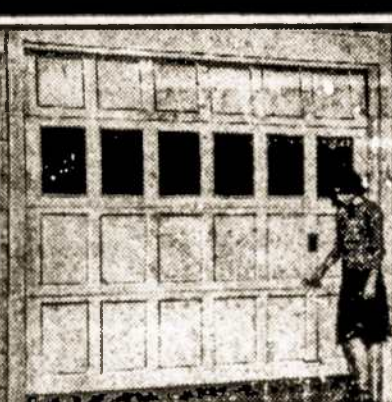

The drive will continue until Jan. 31. It is hoped that this year's amount will be greater than last year's, which established a new high in collections at \$246.20. Until polio is stamped out, this remains a worthy project for the citizens of our community.

Supt. Robert N. Taylor is chairman of the drive for the Northern district of Franklin County.
